Tournaments & Senior Games

The government shutdown may have paused our games for a bit, and with December also on pause, we're eager to get back in the swing of things in the new year!

While the Senior Games in October and tournaments in November didn't happen as planned, we can't wait to welcome everyone back to the fun and friendly competition soon.

We are excited to announce that tournaments will resume in 2026, and the Senior Games will kick off the new year in January! Get ready for another season full of camaraderie, excitement, and games you won't want to miss.

Stay tuned for schedules and registration information, we can't wait to see you back in the game!
