In 1944, Stephen left Ukraine at age 14. "They put my step-sister into slave labor, and I went into German concentration camp," he mused in a colorful accent. "One soldier ran us up and down a field of rocks on all fours. Our skin was ripped."

After WWII, the Russians sent 200 boxcars for refugees to come work in their motherland. "A professor friend said: 'Nuh-uhhh!'—so we crawled behind the Kaserne to the train tracks. When the train slowed, we jumped on." Stephen got off in Munich and went to school for the first time at age 16.

Stephen’s life philosophy is: “You have to work to get ahead.” On the AFRH: “It’s Great! Very nice and clean—I dance and chase women!”

CONSIDERABLE ACCOMPLISHMENTS

THE AFRH HAS MADE GREAT STRIDES IN ITS PERFORMANCE MANAGEMENT FOR FY12. PROGRESS WAS HIGHLY VISIBLE AT BOTH COMMUNITIES. ON ANY GIVEN DAY, YOU COULD SEE ADVANCES IN CONSTRUCTION, EXCITING CAPITAL IMPROVEMENTS, INCREASED STAFF INVOLVEMENT, GREATER PERSONALIZED CARE, EXPANDED COMMUNITY PARTNERSHIPS, AND OVERALL RENEWED ENERGY. THESE SUCCESSES ALL DIRECTLY STEM FROM THE AGENCY STRATEGY—WHICH CONTINUES TO GUIDE GREAT STAFF PERFORMANCE AND TOP-NOTCH RESIDENT SERVICE. ALL TOLD, WE’RE PROUD.

Specifically, the Agency is scoring high marks in resident and staff input via formal surveys. One key reason: we continue to invest the majority of funds in ‘Exceptional Service’ to residents. And, this year, our success measures shed new light on just how we’re improving customer service. Also, the AFRH has made advances in its staff training, we’ve realized very positive progress in Stewardship, plus we’ve improved our Human Capital Strategic Plans. Altogether, it has been a banner year in performance.

STRATEGIC GOALS

For a decade, the AFRH Strategic Goals had established targets to gauge our success in meeting the Agency’s vision and mission. Per Federal direction to focus on measurable goals with high impact, we now track four Key Strategic Performance Goals with 14 associated performance measures. In this section, the AFRH will demonstrate how it manages Agency performance, plus we will present the FY12 performance results.

Performance Management

The AFRH performance management program aligns human capital efforts with the Agency mission, goals, and objectives. A few of the strategies to achieve this include the analysis, planning, measurement, management, and investment of the performance of each and every staff member. This program was initiated in 2004, updated in 2010, and is scheduled for review in FY13.

The processes outlined in this program create a results-oriented, high-performance culture. The AFRH system effectively plans, monitors, develops, rates, and rewards great employee performance. It even differentiates between high and low performance levels and effectively links individual (and unit) performance to organizational goals and desired results.

The key to our success is to translate our Agency strategy to managers and staff via AFRH Business Plans. This effort is ongoing, and the ultimate goal is to have everyone aligned toward the same goals.

AFRH STRATEGY

All Plans flow from, and link back to, the AFRH Strategy.
In 2001, Ron became the Maintenance Chief of AFRH-Gulfport. Hurricane Katrina ended his job and many more. But, when AFRH-G finally reopened, he volunteered to help get the residents settled. Ron found the experience of helping residents very rewarding—and being back on campus was like going home.

His genuine benevolence did not go unnoticed. In September, 2011, Ron was hired as AFRH-G Ombudsman. “The residents are my troops. I’m their advocate. I help resolve issues, and I help establish or change policies.” Ron also maintains military heritage in the Home by acquiring memorabilia.

Another joy of his job: securing tables for the residents at formal service balls on the regional military bases. “I’ll bring a busload of residents,” he chuckled. “They love it. Everybody dresses up in uniforms, and they’re treated as special guests.”

Ron is so happy to advocate for our retired service members: “I’ve always wanted to work for the Home because of the residents. It’s very humbling.”
WILLFUL ENDEAVORS

THE AFRH CORPORATE STRATEGY IS GUIDING THE EVOLUTION OF OPERATIONS AND NURTURING THE STAFF TO A PERSON-CENTERED ENVIRONMENT. MOREOVER, OUR KEY STRATEGIC PERFORMANCE GOALS ARE DRIVING SOLID STAFF PERFORMANCE. IN KEEPING WITH PERFORMANCE GOV, MANAGEMENT HAS CONDENSED ALL OF THE TARGETS UNDERNEATH EACH KEY GOAL INTO ONES THAT ARE THE MOST ESSENTIAL.

In 2011, the AFRH FY11-15 Strategic Plan was created and launched. By FY12, the need to expand objectives under the goal “Promote a Staff-centered Environment” was recognized and achieved.

In 2011, the AFRH FY11-15 Strategic Plan was created and launched. By FY12, the need to expand objectives under the goal “Promote a Staff-centered Environment” was recognized and achieved.

TODAY, WE FOLLOW KEY STRATEGIC PERFORMANCE GOALS.

1. Embrace Resident-centered Care
2. Maintain Exceptional Stewardship
3. Promote Staff-centered Environment
4. Leverage External Stakeholders

THIS IS THE GREATEST MILITARY RETIREMENT HOME YOU COULD FIND.

— Don Egolf (Army)

Don was married with two children when he joined the Army in 1944. Within a year of enlisting, he found himself in combat. In a book called Who We Were: True Stories from the Veterans Living at the Armed Forces Retirement Home, Don’s story “Remembrance” recounts when his unit crossed Roer River at Roerdorf, Germany in 1945. Below is a short summary:

Don served for 20 more years. During 1958, he visited that German town with his family. The memories flooded back to him and are forever seared in his mind and commemorated in his book. In 10 years at AFRH-W, Don has spoken to many students about his combat experience. Don’s courage endures.

In the darkness, lit only by distant flames from an artillery attack on a village, it was difficult to recognize who was friend or foe among the dark silhouettes. Don fired a few warning shots. Unfortunately, one skimmed the neck of a man from his unit. Thankfully, the man was not harmed.

SINCE FY09, THE AGENCY HAS BEEN TRACKING ITS NET COSTS PER STRATEGIC GOAL. THIS PRACTICE HELPS US SEE EXACTLY WHERE OUR RESOURCES ARE BEING SPENT SO WE MAY ADJUST ACCORDINGLY (I.E., “PERFORMANCE BUDGET INTEGRATION WITH GOALS”). WE KEEP TRACK OF SPENDING VIA A MODERN FINANCIAL TREND ANALYSIS.

Expenditures for FY11-15 goals are shown in MD&A, pg. 56. In FY12, the AFRH spent the most on the new Key Strategic Performance Goal: Embrace Resident-centered Care. The chart below shows Agency fiscal trends based on the old AFRH Strategic Goals for FY06-10.

Trend: AFRH consistently spends the most on resident service.
* Measure based on FY06-10 Strategic Goals

- **Spending on Exceptional Service** is above 80% of all expenditures. Also, management has increased spending on staff development over the last three years.

Milton has painted professionally for about 40 years. He first volunteered at the Home after retiring from a graphic design position with the Seabees that he thoroughly enjoyed. Soon after, he was hired as Gulfport’s full-time art teacher.

Milton sparks the residents’ imagination with novel projects and hones their art skills. Yet, he encourages them to use their own inspiration, too. One innovative idea was when Gerry Gorsky traced a photo of a submarine that’s hanging in the home. She then painted a beautiful rendition of it. “That’s going into the Veterans’ Art Competition,” Milton declared.

Another way Milton makes his classes person-centered is through assisting those with needs. He works with contrasts—light and dark colors—for those with vision issues. And, for those who have trouble hearing: “I learn which ear works best and speak into it.”

Serving the residents’ personal needs requires building relationships and staff teamwork, which Milton enjoys. “To seek the best interest of others... that’s right out of God’s word.”
Performance Measures of Key Strategic Performance Goals

For the past five years we have surged well past 80% achievement in our performance measures. In FY11 and FY12 (under our new goals), we focused on key areas to ensure improved resident health and wellness. The new AFRH-G was opened and AFRH-W is in the midst of extensive vital capital improvements. However, we always have room to advance and grow.

Hurricane Isaac brought heavy rain and torrential winds to Gulfport. Isaac made landfall just 12 hours prior to anniversary of Hurricane Katrina in 2005. Fortunately, AFRH-G suffered minimal damage with ripped sunscreens and water leaks in a few areas. The Resident Services team asked for feedback on how we served residents during the storm.

Since the facility was under emergency lockdown, all activities and staff were contained within the building during the storm. The survey asked about dining, maintenance, activities, and healthcare.

Communicator Leadership Message Survey

Our goal is to ensure we’re meeting the residents’ expectations in our leadership columns in the AFRH Communicator (the monthly newspaper). Here, the COO and the Administrators of each community relate important events, accomplishments, and special visits. Plus we address various concerns. We recently added a set of Q & As collected from suggestion boxes in resident hallways. Our residents completed a short survey on the COO, plus the AFRH-G and AFRH-W Administrator columns.

Result: 67% of all residents agreed the COO monthly article “Always or Most of the Time” “has information that is of interest and is beneficial to me.”

AFRH-G: 67% agreed the Administrator’s monthly article “Always or Most of the Time” “has information that is of interest and is beneficial to me.”

AFRH-W: 42% of residents reported that the Administrator’s monthly article “Always or Most of the Time” “has information that is of interest and is beneficial to me.”

This feedback was the first time the columns’ authors were able to see their impact. Now they can work on improvements.

All indices besides Leadership / Knowledge management received an increase in scores over last year. Talent Management increased (+6%) and both Job Satisfaction and Results Oriented Performance Culture increased slightly (+2%).

Seeking Staff Input

Besides the annual survey, management conducts employee focus groups, brown bag lunches, and staff-centered action committees. Also, the COO hosts quarterly employee meetings at both campuses and gladly answers questions on the spot.

Designated committees are working on staff-centered action plans to resolve concerns in:

- Training

RESPECTFUL NURTURING
THE AFRH STRATEGIC HUMAN CAPITAL PLAN (SHCP) IDENTIFIES KEY STRATEGIES TO ADDRESS PERFORMANCE CHALLENGES. THOSE STRATEGIES ARE LINKED TO THE AFRH STRATEGIC GOALS AND REFLECT THE SPIRIT OF THE AGENCY’S ESTABLISHED GUIDING PRINCIPLES. THE SHCP WHICH WE FINALIZED IN FY10, STRESSES THE VITAL IMPORTANCE OF ‘MISSION ACHIEVEMENT’ TO OUR ENTIRE DEDICATED WORKFORCE.
RECAP: AFRH HUMAN CAPITAL MANAGEMENT

As reported by Roger M. Knadle, Agency and Veterans Services, Employee Services, OPM:

Overall Standing:

- AFRH HCMR stands out as a ‘Best Practice’ for other small agencies
- The HCMR effectively describes results, if targets are met, and future actions
- Agency shows strong strategic alignment with a current five-year AFRH Strategic Plan & AFRH HCSP, both of which encourage partnership on all levels
- The AFRH has successfully identified Human Capital as a top agency priority
- All Government-wide initiatives have been fully met:
  - Hiring Reform
  - Veterans Employment
  - AFRH has notified all staff of the extension of benefits to same-sex domestic partners

Challenges:

- A task force is deploying the strategic goal: ‘Promote Staff-Centered Environments’
- Must develop a knowledge management strategy & leadership development plan
- Developing revamped training for new and current supervisors is the next focus

Harriet teaches yoga at AFRH-G and at Mississippi Gulf Coast Community College. She began teaching yoga in 1970 but was hit by a drunk driver in 1980. That ordeal sidelined her for a while. Still, she continued to be active, and stayed positive while practicing and teaching yoga.

At AFRH, she teaches Hatha—or breathing—yoga where residents practice in a chair and standing up. Breathing exercises, stress relief, and regular relaxation are all part of the class.

Harriet believes people of all ages can greatly benefit from yoga because it focuses on simply “being present”.

Residents enjoy stretching and relaxing, and Harriet’s positive attitude is quite contagious. “Life is full of experiences that are burdensome, but there are also blessings. The trick is to braid them together.” With Harriet’s yoga classes, the residents are refreshing both the mind and the body. And that’s what wellness is all about.
Marian was the first female chief parachute rigger in the Navy. She met her husband, also in the Navy, in Kingsville, TX. They were the first two chiefs to get married on active duty. They raised two children, travelled extensively, and worked as editors of the AFRH-G newsletter a few years back. For her 80th and 83rd birthdays, Marian got her lifelong wish to jump from a plane. She loved skydiving so much that she plans to jump again for her 90th birthday.

While she's here on the ground, at the Home, Marian enjoys bowling, plus she participated in a recent tournament where she "beat all the men". Marian anticipates many more years here in Gulfport: "I've got good genes. I think I'll make it to age 100."
