- **LAPTOP BATTERIES:** These batteries can swell due to age, overuse, overcharging, or heat exposure. It is a good practice to only charge your laptop when it is necessary, with plenty of ventilation, and not overnight. Take caution handling swollen batteries and do not dispose of them in the trash, as they can pose a fire hazard.
- **RECREATION TRIPS:** If you’ve signed up for a trip but your plans change, please take a moment to remove your name from the sign-up sheet before the deadline. For many outings, we’re required to give an accurate headcount ahead of time for reservations or group arrangements. When spaces are left unused, it not only means someone else may have missed out — it can also make it harder for us to maintain strong partnerships with the places we visit. We appreciate your help in keeping things running smoothly.
- **CARDBOARD RECYCLING CONTAINERS:** These are located on the loading platform/dock are for cardboard **ONLY** and items must be **broken down or apart—do not overfill the container**. This is for recycling of **cardboard** only! Any other items contaminates the entire load of the garbage truck.
- **COPIER:** The Copy Machine in the Library is for Resident use only. It will be set for a maximum of 100 free copies each business day, Monday – Friday, by 0900 (excluding Holidays.)
